Photo Rag Duo 276

White, 100% rag, smooth surface, double side coated

Product Description

Available in all standard cut sheet sizes. Photo Rag Duo is one of the most famous FineArt papers. Because of its smooth surface structure it can be used for many different applications. Photo Rag 276 consists of 100% rag.

Applications and Characteristics

Photo Rag Duo is printable on both sides. This paper is an ideal medium for portfolios and photo albums and especially developed for archival printing of black and white and coloured photographs. It is age resistant and has a smooth surface structure.
